

2023 Fall/Winter Attendance Awards

Congratulations to the swimmers listed below for achieving the attendance level recommended for their training group (listed below for each group) through the first half of the season, starting back in September!

As a reminder, those numbers are what we feel is the minimum attendance for swimmers in each group to reap the most benefits out of the program. While our approach for swimming keeps the long haul in mind, and we discourage younger swimmers from attending too many workouts so that they have something to build into and look forward to when they get older, it is important to note that those who fall too far below those recommended numbers are likely not learning and improving as much as other swimmers with similar ages and at the same level, and might struggle in the future if they are not ready to incrementally improve their attendance
